

MEDIF-MEDICAL INFORMATION FOR FITNESS TO TRAVEL OR SPECIAL ASSISTANCE PART- A (To be read and understood before filling MEDIF PART-B & PART-C)

All sections must be completed clearly. Use **Block letters**. Any MEDIF should be submitted along with the **latest diagnosis report** from the treating physician at least **72 hours** before departure of the flight.

MEDIF Part B – To be filled by the guest or travel agent

MEDIF Part C – To be filled by the treating or attending physician

Guidance for Physicians to fill up the form:

The Principal factors to be considered when assessing a patient's fitness for air travel are:

- Reduced atmospheric pressure. (Cabin air pressure changes greatly during 15-30 minutes after takeoff and before landing and gas expansion and contraction can cause pain and pressure effects)
- Reduction in oxygen tension. (The cabin is at a pressure equivalent to an altitude of 6,000 to 8,000 feet and oxygen partial pressure is approximately 20% less than on the ground).

Conditions that require Medical Clearance

Guests with the below listed disabilities require Medical Approval from Etihad Airways:

- Who require **stretcher**.
- Who request Etihad Airways to provide in-flight **oxygen** at a pre-determined level, or who are using their own Portable Oxygen Concentrator (POC) or ventilator/respirator.
- Whose medical condition is such that reasonable doubt exists that they can complete the flight safely without **requiring extraordinary medical assistance**; this includes but is not limited to a Guest who:
 - Suffer from unstable Medical conditions (physical or psychological)
 - Suffered from a recent major medical incident (heart attack, heart failure, stroke, respiratory failure)
 - Surgery within 10 days of travel.
 - Requires the use of battery powered medical equipment or need to undertake any medical procedure during the flight e.g.:administering injections
 - Suffers from thrombophlebitis
 - Is travelling with a premature infant (who does not require an incubator) or an infant with medical condition.
 - Is an Unaccompanied Minor with a medical condition

Therapeutic Oxygen: Etihad Airways provides Oxygen service and is available on all our aircrafts in all the three zones. This service must be requested at least **72 hours** prior to departure. Etihad uses the “**Zero Two**” oxygen cylinder which is compatible with other medical equipments.

For details/specifications please refer to the website <http://www.aeromedicgroup.com>

Medical Assistive Devices: FAA approved personal electronic respiratory assistive devices such as ventilators, respirators, continuous positive airway pressure machines and portable oxygen concentrators are allowed to be carried and used on all our aircrafts in all the three zones. Guests shall ensure the assistive devices have sufficient **battery supply to last for 1.5 times** the flight duration.

Processing MEDIF: The MEDIF and the diagnosis report must be received at the Ticketing Office at the latest 72hours before the travel is due to commence. Further investigation reports might be required by the Etihad Airways Medical Centre. The MEDIF should be completed based on guest's conditions within 10days from the date of commencement of air travel. ETIHAD must be notified immediately of any change in the patient's condition prior to travel. In the event of sudden change in the guest's condition **during the trip**, we shall ask the guest to obtain another medical information form to confirm the fitness to continue further air travel.

Medical Certificate: Etihad Airways Medical Centre (EAMC) issues a Medical Certificate with approval which is handed over to the guest through the respective Ticketing Office. Guests may be requested to show the certificate at any time during their trip and so are requested to keep this easily available. A separate clearance might be required for the return journey (shall be advised by EAMC).

For more details please check our website www.etihadairways.com → Plan Your Trip → Special Assistance

MEDIF-MEDICAL INFORMATION FOR FITNESS TO TRAVEL OR SPECIAL ASSISTANCE PART- B
(To be completed by Guest or Travel Agent/Airline Office in block letters)

1. GUEST DETAILS:

Name(as per PNR)	
Telephone No	

2. FLIGHT DETAILS:**2.1. OUTBOUND:**

PNR	Flight No	Date	From	To	Class	Status

2.2. INBOUND (RETURN):

PNR	Flight No	Date	From	To	Class	Status

3. NATURE OF INCAPACITATION:

--

4. ASSISTANCE REQUIRED (Tick ✓ against relevant):

STRETCHER	
OXYGEN	
WHEELCHAIR (Specify WCHR, WCHS or WCHC)	
SPECIAL MEAL (Ref meal types listed on EY Website)	
APPROVAL FOR CARRIAGE OF MEDICAL EQUIPMENTS	
NO ASSISTANCE REQUIRED	

5. ESCORT DETAILS (Tick ✓ against relevant):

NOT REQUIRED PERSONAL ESCORT NURSE DOCTOR

Name of the Escort	PNR

6. PASSENGER'S DECLARATION:
